II. Catalog Description

Pre-requisites and/or Corequisites: FILM-261: Light, Optics & Lighting and FILM-268: Advanced Video Production: Narrative & Documentary

This course is designed to help prepare students majoring in Digital Media/Film Studies to successfully transfer to a B.A. or B.S. program in Television Production or Communication. The course will cover topics such as critical thinking in digital media and film, career options, resume and portfolio preparation, and identification of appropriate transfer colleges. Students will also learn about and potentially pursue Co-op opportunities, submit films to area screenings and competitions, and explore long-term internship opportunities (e.g., Director's Guild of America). Students will engage in interview simulations and presentation of portfolios.

III. Statement of Course Need

- A. This course is a required course in the Associate of Science in Digital Media/Film Studies. This course helps students successfully transfer to four-year institutions. Besides having an acceptable GPA, portfolio preparation of digital media is an important aspect of transferring for their major.
- B. The lab component for this course is allocated to portfolio, resume, and cover letter creation, interviewing simulations, and portfolio presentation approaches.
- C. Course Transferability: Digital Portfolio Development transfers selectively as a portfolio development course in Digital Media studies or as a program elective in Communication Studies.

IV. Place of Course in College Curriculum

- A. Free Elective
- B. This course meets a program requirement for A.S. Digital Media/Film Studies.
- C. To see course transferability: a) for New Jersey schools, go to the NJ Transfer website, www.njtransfer.org; b) for all other colleges and universities, go to the individual websites.

V. Outline of Course Content

- A. Preparation of finished professional resume outlining student experiences, education, and work history
- B. Preparation of finished professional cover letter tailored to each intended recipient
- C. Portfolio “reel” preparation: Editing video, sound, importation of graphics including menuing in development of final “reel” or portfolio on DVD. Students also develop a web presence.
- D. Portfolio design: Development of design elements, color schemes, fonts, and/or logos that visually reinforce student “look and feel” for use with physical portfolio, web presence, business cards, etc.
- E. Exploration of career paths, including:
 - a. Co-op opportunities to extend student experience in the field
 - b. Identification of and contact with potential four-year institutions
 - c. Preparation of applications, FAFSA, and exploration of scholarship opportunities
 - d. Overview of long-term (1-2 year) internship opportunities (i.e., Director’s Guild of America, Disney, NBC)
- F. Interviewing: Preparation for and simulations of Co-op, job, and/or college admission interviews.
- G. Presentation: Live presentation of portfolio to the class, including fielding of questions and answers.

VI. General Education and Course Learning Outcomes

A. General Education Learning Outcomes:

At the completion of the course, students will be able to:

1. Use current digital media technology to organize videos and/or other assets into an acceptable format for a transfer and career-focused portfolio (GE 4).
2. Critically evaluate own and other students' portfolios for information gaps, relevancy, authority, point of view, and ethical use of materials (GE-IL).
3. Produce a creative and personalized portfolio of their creative assets (GE-1)
4. Produce and present an effective oral presentation promoting artistic and creative strengths to complement portfolio package (GE-1)

B. Course Learning Outcomes:

At the completion of the course, students will be able to:

1. Identify career paths and opportunities in the video production and communication world.
